

Work Life Balance 2.0 Online Seminar

Curriculum Overview

- completely customizable to client needs

Timing

2 x 75mins webinars on the same or different days

Core Objectives

- For Participants to clearly understand the major shifts that have occurred over the last few years, resulting in the vitally important need to adopt a mindset and skillset called work life balance.
- For Participants to self-assess how well they presently manage their professional and personal roles and to be inspired to set and achieve goals to obtain a better work life balance.
- For Participants to consider the similarities and differences between *work life balance* and *work life integration* and be encouraged to consider implementing new methodologies at work and at home to better integrate their roles and get done, all that they need to get done.
- For Participants to define their own personal brand as a framework for their own authentic value-set; the compass by which they will be able to better serve others in their professional and personal lives, and sustain work life balance.
- For Participants to be alerted to the high cost of high stress and encouraged to consider implementing best practices for themselves and to help others to reduce stress. This module will help Participants share, discuss and explore practical and effective work life balance strategies.
